

Independent Medical Panel

Seeking applications

from medical practitioners across a variety of specialities

The Injuries Resolution Board is Ireland's independent state body which resolves claims for personal injuries following motor, workplace and public place accidents. Since April 2023, the Board also resolves personal injury claims from Gardai who have been maliciously injured. The Board was established in 2004 to support the fair, prompt, and transparent resolution of personal injury claims without the need for unnecessary litigation.

The Injuries Resolution Board currently has a panel of medical consultants and specialists in place that provide independent medical reports to the Board as required.

Independent medical assessment of claimants within the Injuries Resolution Board process is an essential step in the delivery of our service and therefore continuity of supply is paramount.

To refresh and expand our medical panel across all regions in the Republic of Ireland, the Injuries Resolution Board wishes to invite suitably qualified medical practitioners to express their interest in inclusion on this panel.

Our Independent Panel members may be requested to assess claimants and produce a medical reports following examination of the injured persons claim, and give a description and opinion on the injury, the related care given, recovery and any ongoing symptoms.

Applications should be made in writing via email to medicalpanel@injuries.ie. Details of qualifications and experience should be provided.

The Injuries Resolution Board are seeking applications from the following specialities by 10th of January 2025.

Orthopaedic Surgeons	Plastic Surgeons
Psychiatrists	ENT Surgeons
Child psychiatrists	Ophthalmologists
Neurologists	Oral and Maxillo Facial Surgeons
Neurosurgeons
